

Troyes 2022-23 so far...

- 4 goals were scored by attacking set pieces (Top 5 in Ligue 1).
- 74% of attacking plays happen on the wings.
- The overall number of shots per game is 12, which is the same as the average for Ligue 1 teams.
- 79% of the action happens on their own and middle third of the field when they are playing.
- Creates goal-scoring opportunities as the number of shots, shots on target, and dribbles per game are above the Ligue 1 average.
- Troyes has not yet given up a goal from a penalty kick.

Teams with most Set Piece Goals

Scope for improvement

- Keeping possession of the ball is only 39.5%, whilst the Ligue 1 average is 49.9%, and the average of the top five teams with the greatest possession is 59.44%.
- Two own goals conceded, the most in the Ligue 1 so far.
- Troyes must defend well against crosses, and short passes since they have conceded the fifth-most crosses (18) and most short passes (529) in Ligue 1.
- Troyes must alter their style of play, become more aggressive, and maintain more control of the ball in the offensive half as well.

Least Possession Teams
